Northern Village of Air Ronge Newsletter

Fall/Winter 2023

Air Ronge is 40 Years Young

Forty years is a lot of time for change and Air Ronge has seen its fair share. What began as a subdivision associated with the airfield before the move to its present location just North of La Ronge, has become a vibrant community with a healthy business sector, its own elementary school, and a wide range of residential properties - the community we call "home."

From its inception to now, Air Ronge Council has never seen the diversity around the table that it now boasts. Throughout Air Ronge's history, including before incorporation as a Village, there have only been 8 women who have served on Council and this current term has been the first to see multiple women serving at the same time. Mayor Julie Baschuk is the first woman to hold that office, with Deputy Mayor, Kristy McDougall, and Councilor Tabitha Burr also at the table. By far the most valued and significant addition to the Council table has been that of the Elder Advisor, a position currently held by Elder Tom Roberts, who brings his unique perspective as a knowledge keeper, a residential school survivor, and a long-time resident of Air Ronge.

The movement towards an a more inclusive and reconciliatory form of governance can be seen this Council's commitment to understanding and honouring the history that has shaped our community. We strive daily to create safe, inclusive, and beautiful spaces for our community to enjoy and feel proud of. We have taken the feedback provided by the residents of Air Ronge and have chosen to let them guide us at the table in all our decisions, both for the present day and for the future. Naming the bridge that serves as an uninterrupted gateway between the North and South, Reconciliation Bridge, at the suggestion of Elder Tom Roberts, only further demonstrates the desire of Council and our community to pursue working together and walking together, the evidence of reconciliation in action.

Staffing

This summer saw significant changes to the faces we all see in the Village office.

- We would like to extend our congratulations to **Taylor Bousahmine** as she and her husband welcomed twins to their growing family at the end of August.
- We would like to welcome **Jade McCallum** to the community and to the office as our Accounts Clerk
- We said our farewells to **Gavin Willins** as he moved on to join Community Futures Visions North as their new General Manager. Gavin's leadership in the office and conscientious attention to detail as he planned for every eventuality has left us in a very secure place as we seek a new Chief Administrative Officer
- With Gavin's departure, **Eldon Morin** has very capably stepped into the role of Acting Administrator. He hasn't skipped a beat and has handled the challenge with great poise

Community Safety

Council is in active talks to bring CCTV cameras to the community to assist with safety initiatives. We are excited to continue to pursue this option for increased safety within our community and we hope to see cameras being installed in early 2024.

We are still offering rebates for safety related purchases through the Village office.

Outdoor Motion Sensor Light Rebate

- 1/2 the purchase price up to a maximum of \$50 per household with proof of purchase

Home Security Camera Rebate

- 1/3 of the purchase price of any outdoor security camera or system up to a maximum of \$100 per household with proof of purchase

See the next page for more safety tips

Snow Removal Tips

Safety tips for your home

- We strongly encourage you turn on your outdoor lighting, and LIGHT UP THE NIGHT
- Use home alarm systems
- Keep valuables locked up and out of sight
- Access our rebate programs & install security cameras /motion sensor lights on your property
- Talk with your neighbours and exchange contact information
- Report any suspicious activity to RCMP
- Be extra eyes and ears on your street
- Keep your residence looking 'lived in' (lights inside/out, if away have neighbours shovel/check in)

These are just a few deterrents to consider implementing into your daily routines.

Let's all work together to keep our community safe.
